

Selectmen, School Board Contests Set

Two contests for selectmen and one for school committee provide attraction for this year's annual town election, according to nomination papers filed with the town clerk's office.

Offices of moderator, housing authority, vocational school board and the Trustees of Punchard Free School will be unopposed in the election on March 26, with all voters casting ballots at Andover High school gymnasium.

Most interest is shown in the races for

selectmen, where three openings are available, a one-year term and two three-year terms.

For the three-year term, Incumbent Susan T Poore will be seeking re-election along with Norma Gammon, Dr. Nicholas Rizzo and former Selectman Philip Salamone.

A one-year opening on the board will fill the vacancy created by the resignation of

Additional High School Rooms Still Desirable

Absolutely Delicious

Mary Ellen Lopez, five, daughter of Mr. and Mrs. Michael Lopez of South Main street, obviously enjoys the offerings of the annual South School PTO Ice Cream smorgasbord held last Thursday evening.

What good is a new auditorium, the school committee agreed Tuesday night, if you can't see the stage from your seat.

And so they delayed preference of Auditorium B until they see sketches of the seating plan, or better yet, can visit a hall of similar design.

Ken Gropper of the school building committee said new sketches could be made available Tuesday night, during a break in the school committee's fact-finding session with school administrators.

Meanwhile, the committee also postponed decision on a building committee request to give town meeting the choice of a classroom addition at the high school or the auditorium. Committeeman Casimir Kolaski and Alan Doerr were absent Tuesday night and the chairman preferred to wait for the full committee.

The committee had earlier decided the total building project, as it neared \$14 million was becoming too big, and opted to drop the extra classrooms in favor of an auditorium for "educational" reasons.

They voted just last week to offer the town the choices of a) renovating East Jr. High, b) building a new East Jr. High, c) doing nothing with East Jr. High or 4) building the auditorium at the high school.

At their regular meeting last Thursday night, the school building group voted unanimously to offer the high school addition as well.

Supt. Kenneth R. Seifert remained pro-auditorium, saying that all one would have to do would be walk in the high school to sense the need for cohesiveness — something he hoped the auditorium could help bring about.

He once again referred to the high school minus an auditorium as "two-thirds of a bridge," and Gropper agreed.

"I can't imagine a school built without an auditorium in the first place," he said. "It doesn't make sense." But, he said the building committee felt dropping it from the list of alternatives was "arbitrary,"

and that some people were downright "distracted" at the thought of building an auditorium instead of classrooms.

School Committeeman Elaine Viehmann had noted last week that the classrooms would be "nice" in order to provide additional offerings at the high school, but that in the interest of economy, they were't essential.

Chairman David Ahouse summarized Tuesday that "the priorities are clear enough to the administration and a couple of us" and that he wouldn't favor going to the floor of town meeting with the choice. But he elected to wait for the rest of the school committee to make the decision.

As for the auditorium plan, Seifert said Tuesday night he didn't really think anyone in town wants to buy an auditorium where they can't see the stage from every seat.

"For my money," he said, "I'm not going to sign on until I know I can see."

Ahouse added it was "a reasonable request to be able to see the stage from where one sits," and asked to see a sketch or a real auditorium that "works."

Gropper said he didn't know off-hand where there was one, but did say that a new design of Scheme B provided seats staggered by rows, as well as a 22½-foot

Merrimack Valley Philharmonic Orchestra

Schubert Concert Is March 11

Sunday, March 11 promises to be a historic day in the annals of the Merrimack Valley Philharmonic Orchestra. The local symphonic group will then present its Schubert Commemorative Concert, marking the 15th anniversary of the great composer. Andover Junior High School auditorium on Shawsheen Road will be the scene of this much anticipated musical event. Conductor Nicholas Van Slyck will mount the podium at 3:30.

This program has aroused interest in wide ranging musical circles because its focal point is the Schubert 7th Symphony in E Major, the "neglected" symphony. The 7th is in reality the true unfinished symphony rather than the 8th in E. Minor which has been dubbed the "Unfinished" through the years. Unlike the classical form of three or four movements, the 8th was completed in two movements then Schubert went on to create his "Great" 9th Symphony before his death in 1856.

The featured piece in the concert was composed in sketch form, completely annotated by Schubert but left to lie in limbo as he went on to his other compositions. After the composer's death, Felix Mendelssohn, through Schubert's brother, came into possession of the notes and outline for the 7th and endeavored to orchestrate the work. Mendelssohn died before coming to grips with the task. Later, Johannes Brahms also expressed a desire to complete the opus but never did. Finally, in its uncompleted form, the symphony found its way into the Royal College of Music in London where it lay

until Sir George Grove convinced an English composer, John Francis Barnett, to orchestrate the piece. Barnett's version, heard in London in 1883 was also performed in New York the following years.

Felix Weingartner, the distinguished and internationally known conductor took the opus and faithfully following Schubert's notes and indicated intentions, orchestrated the 7th Symphony in the early 1930's.

The resulting score indicates he was ideally equipped for the task.

The Schubert-Weingartner version, which will be heard in this concert, was first performed in Vienna in December of 1934. It's American debut was during the following November when the late Fabien Sevitzy conducted the People's Symphony Orchestra in a reading at Boston's Jorday Hall. A CBS Symphony Orchestra performance on the air in the late 1940's is the last recalled hearing of this outstanding work since.

This concert will be the third in the Philharmonic's 1978-1979 Series and should top the two previous, well-attended concerts in interest. The program will include the "Manfred" Overture of Robert Schumann and the Midsummer Night's Dream Incidental Music of Felix Mendelssohn. The latter two composers were champions of Franz Schubert's music thus completing a true Schubert Commemorative Concert format.

Tickets may be obtained at the door or from Philharmonic Society members who may be called for information.

Fact-Finding Session Next Week

The first fact-finding session in the contract dispute between the school administrators and the school committee will be held Monday night in Stowe School, with a second session to follow Tuesday if necessary.

In personnel action this week, the committee appointed Gilberta Dreher a noon-hour supervisor at Shawsheen, at \$4.77 a day; Edward Palmieri, assistant winter track coach at Andover High, \$694; and Dale Pierson, permanent substitute in Shawsheen Grade 4, \$10,901 a year.

The committee accepted the

resignation of Constance Gaudet, noon-hour supervisor at Shawsheen since 1972, and granted maternity leaves of absence to Barbara Bunn, Shawsheen Grade 4 and Eileen Seavey, Doherty Grade 4. Both will also be collecting sick leave until the births of their children.

The committee also reduced weekly hours for three aides at Sanborn, because of the hiring of another first grade teacher there. Dorothy Driscoll and Teresa McAnally were reduced from 18 to 14 hours a week and Suzanne McHendry, who did work nine hours a week, was terminated.

Commuter Survey To Begin

Commuter Transit Survey forms will be mailed to about 2,000 households this week to assist the Commuter Rail Study committee in determining the desire for resumption of rail service from Andover to Boston.

In addition to the household survey, an on-board survey will also be undertaken with riders on the Boston express bus receiving forms next week.

The study committee reports the survey should take little time to complete and requests the cooperation of townspeople in participating.

The results of the survey will be used by the study group to make their recommendations to selectmen and subsequently to town meeting regarding the rail service.

Asks Funds For Lodge Planning

Joan Pearson, director of the community services department, requested \$500 from the board of selectmen Tuesday night to pay consultant fees for plans and cost estimates for the rebuilding of Recreation Park Lodge.

She said that according to

research she has done so far, the cost of the new lodge may be less than the \$120,000 requested for its construction in the town warrant.

She said she expected to have more specific information about cost and design by town meeting.

Reference Request Is Denied

Selectmen denied Tuesday night Town Manager Jared S. A. Clark's request for \$351 from the board of selectmen to subscribe to an automated labor relations service offered by the Massachusetts League of Cities and Towns.

Selectmen said they refused the

request not because they wanted to deny Clark access to the service, but because they thought the town's labor relations attorney should pay for it.

Selectman Susan T. Poore said, "I don't want to buy my mechanic tools to fix my car."

Wants Funds To Complete Survey

Phillip Allen, chairman of the Andover Historical Commission, came before selectmen Tuesday night to request appropriation of \$3,000 to complete the commission's survey of historic houses in Andover.

Allen said there is a chance that

state money will pay \$1,500 of the \$3,000, but he asked for the full amount in case it does not.

Unused portions of the funds would be returned to the town.

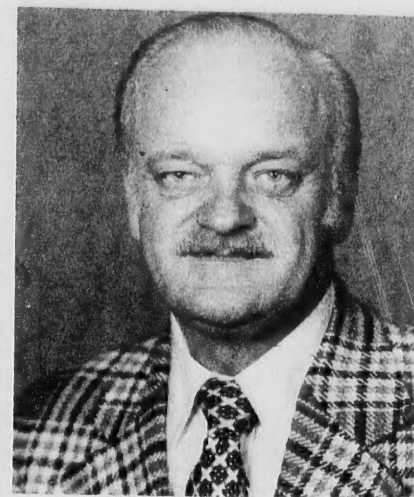

Selectmen voted to insert an article in the town warrant requesting the funds.

To Tour Wood Hill

On Sunday, Feb. 25, the Andover Committee of the Appalachian Mountain Club is sponsoring a tour of the recently acquired Wood Hill Reservation.

This area, now under the direction of the Conservation Commission, in combination with the Harold Rafton Reservation gives town residents a recreational area of about 500 acres.

The Wood Hill Reservation was once farm land and has the remains of old cellar holes and homesteads. The area has open and wooded sections and is in the process of having trails cut. Because of this it is important that participants gather on time as the leaders will be going over some of the trailless sections.

The departure time is 1:30 p.m. and participants are to start at the parking lot on top of the hill on High Plain Road. To reach this area from Rte. 93, take the Rte. 133 exit towards Andover center, take a left at Greenwood Rd., (first traffic light) then a left at High Plain Road and continue until reaching the parking lot. The co-leaders for the tour are Fred Wallace and Alan French.

Director

Oliver Ward, president of Germanium Power Devices Corporation, Andover, has been selected to serve on the new board of directors of The New England Council, Inc., effective Jan. 1. The announcement was made by Ralph R. DesLauriers, chairman of the board of The New England Council and president of Bolton Valley Corp., Vermont.

The New England Council, an independent, non-profit organization, derives its support from the business community for the purpose of promoting economic development and prosperity for the six-state area.

Local Control Of Counties Given Highest Priority

Gaining local control over county budgets has been given "first action priority" status by the legislative committee which represents five major statewide municipal organizations.

At their first meeting of the 1979 legislative year, the group voted to mount a full scale lobbying effort to support bills filed in this session which would remove the legislature from the process of appropriating county budgets and give that power to county advisory boards, which are composed of local officials.

"As it stands now, the state legislature is spending local money," Legislature Director Sheila Cheimets of the Massachusetts Municipal Associations (MMA) said, pointing out that all county funds come from the cities and towns within the county.

"With fewer local dollars to spend, local officials must be able to make tough spend-

ing choices and to do this they need local control," Cheimets said. The county issue, she added, is only the first in a series of campaigns that will be mounted by the municipal associations in the '79 sessions to give greater control over their budgets to local governments "Which are most responsible and accountable to the voter and taxpayer."

The committee will issue a position paper to the officials of every community in the state, outlining the county budget question and asking each mayor, board of selectmen, finance committee and city council to contact their legislators urging support of the bills. Noting that the influential chairman of the House Committee on Counties, Representative Charles F. Flaherty, Jr. (D-Cambridge) has filed similar legislation, Cheimets said the committee was "optimistic that this is the year to move on this question."

If you think you're too young to think about retirement, ask someone who had the same thought thirty years ago.

Thirty years ago, an IRA was not available, but they are today. . . and you can bet your retirement years, that many people reaching the age of retirement wish an IRA was a reality back in 1948.

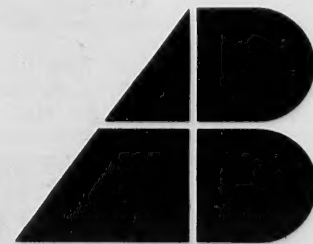

At Andover Savings Bank, we've spent a great deal of time and effort, to make sure that this remarkable retirement plan would be available to you.

Here's how an IRA works:

You may put any amount, up to 15% of your annual earnings into an IRA* up to a maximum of \$1,500. (\$1,750. if your IRA is owned jointly by you and your non-working spouse). Funds put into an IRA are deductible from your gross earnings, so you won't be paying any Federal taxes** on that money. Interest or dividends earned also escape Federal taxes as well. In fact, you do not pay any Federal taxes until your retirement at which time you will most likely be in a lower tax bracket.

Funds for a 1978 IRA can be contributed as late as April 15, 1979 and still be deducted from your 1978 income. In a

nutshell, an Individual Retirement Account at Andover Savings Bank provides an opportunity to save funds for your retirement, earn a very substantial rate of interest on those funds, and not pay any Federal taxes on your savings until you retire . . . it makes sense and it's available at Andover Savings Bank. So, call us at 475-6103 or visit any one of our conveniently located offices and start asking questions about your future financial security . . . it's never too soon.

Great Scott, It's Magic!

By Tim Greene

The Great Scott brings more to his act than the magic equipment he carries in two suitcases — top hat and tuxedo with cape and cutaway tails.

At 17, Scott Nason, the Great Scott, brings over ten years of experience as a magician and showman with him when he steps on stage.

He started performing at age seven as a Cub Scout entertaining at the Blue and Gold Banquet of Andover Cub Scout Pack 76, and has performed regularly since then.

He started performing at age seven as a Cub Scout entertaining at the Blue and Gold Banquet of Andover Cub Scout Pack 76, and has performed regularly since then.

His engagements have included birthday parties, Grange meetings, Jaycees shows, and a spot on a Jerry Lewis Telethon.

The Andover High school senior said he became interested in magic before he first appeared on stage, and read books to learn how to perform tricks on his own.

The kinds of tricks he said he likes the most and uses most are the illusions. He said that illusions are more convenient because they require simpler equipment, and because they require more skill.

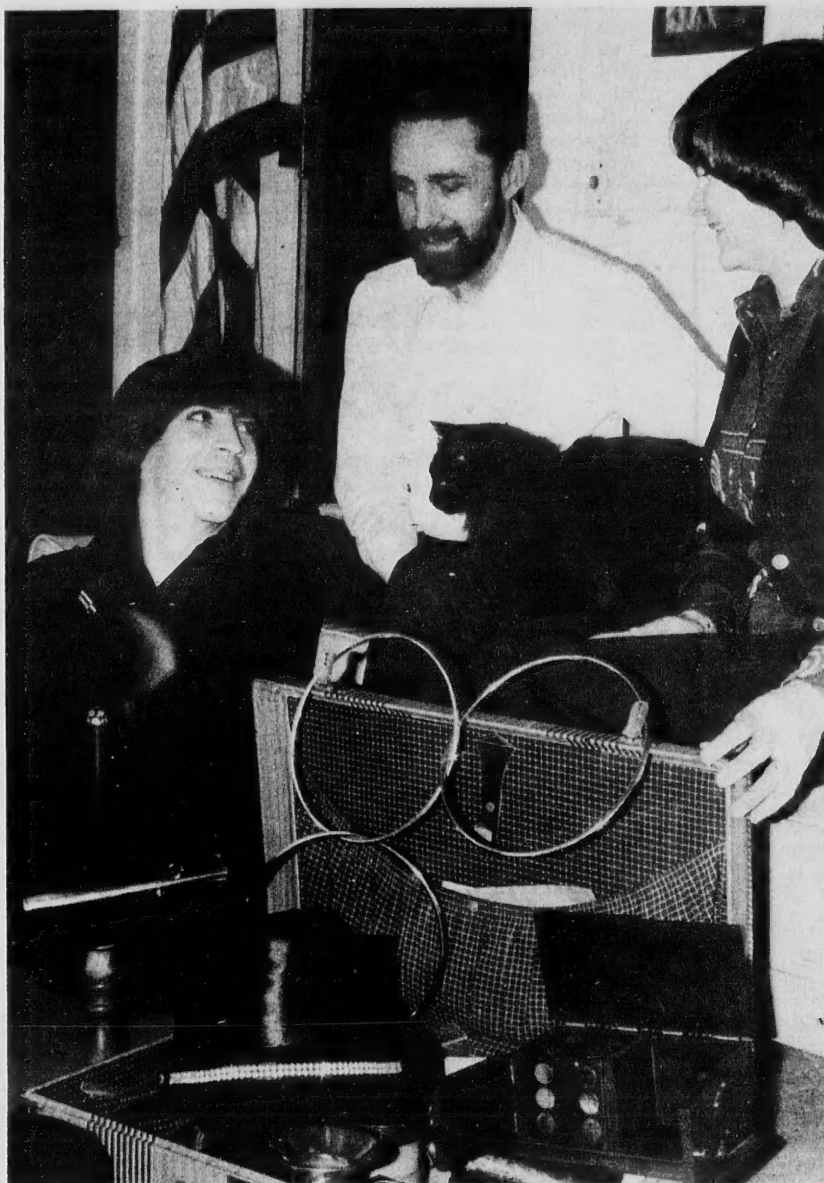

"People enjoy them even if they already know how to do them," he said. When the trick is built into the apparatus, people become bored with it once they have figured it out, he said.

What he stresses more than the mere performance of a trick is the showmanship which can go along with it and make for a better audience response. He said he thought lack of showmanship was a failing of many professional magicians.

"A lot of magicians work by themselves," he said, "the audience doesn't get involved at all. I have people up on stage."

Nason said that he is usually hired to do short shows, about half an hour, because people are afraid his act will drag. But, he usually winds up working longer once he has a chance to show that he is concerned about the audience having a good time.

"I go by the audience," he said, "if they look bored, I go."

The Great Scott, Scott Nason, his parents, George and Audrey Nason, and cat, Muffin.

He can extend a show on the spot because he remains flexible about the content of his act, and because he knows so many tricks.

"I know a lot more magic than anyone every really sees."

"Many of the tricks work on the same method. When I understand a basic method, I can work up an infinite number of tricks. I can perform the same basic illusion as a trick, or as ESP or make up a story on the spot — if I can think of one in time."

All of his magic requires some equipment, much of which he makes himself, and some of which he buys or receives as gifts. He said he has several pieces of antique apparatus which were given to him by persons who saw his act and decided he should have the magic tricks which they had stored away and rarely used.

The tuxedo he wears is second hand, bought in a thrift store, and he has a second one which has to be tailored down to his size and which his father bought him for three dollars.

His top hats are also used, but are all of very good quality. A silk one, in excellent condition, was bought at an auction and is supposed to have belonged to a member of the Truman cabinet.

His mother, Audrey, makes his formal shirts and the dresses which she or Scott's sister Brenda wear when they assist him in his act.

His father, George, is also in the act in charge of lights, sound and transportation.

"We enjoy it," he said, "it keeps the family together."

Right now, Brenda does not get to perform much because she is a sophomore nursing major at Fitchburg State College, but she should get back into the act next fall when her brother starts his freshman year there as a communications major.

Nason said he has strong interests in communications. He has made three films: a documentary of a kite-flying festival in Boston, a movie about teenage drinking called "Liquors" and an animated short called "Attack of the Marsh Monsters."

He has also taught younger students about filmmaking with David Parry, Andover High School artist in residence.

Right now he said he does not expect to become a professional magician because he does not like some of the extras that go along with being a professional.

He would have to get an agent who would dictate fees, schedules and even the content of his act. But what bothers him most, he said, is that magic might not be fun for him anymore.

"You'd have to do it all the time. I've seen so many magicians who are fed up with that. They get stale at what they're doing."

So, the Great Scott is not chasing the big time, but his father said he may make it anyway.

"It's going to be chasing him before too long, I think."

Hosch Lecture Friday

Michael Harrington

Professor Michael Harrington, author, philosopher and political scientist at Queens College, City University of New York, will discuss "Responsibilities of Privilege," on Friday, Feb. 23, as Philips Academy's 1979 Hosch Lecturer. The public is invited to the lecture in Kemper Auditorium at 8 p.m., without charge, and to the reception afterwards in the Underwood Room.

Michael Harrington is best known as author of 'The Other America' (1964), a book about poverty in the United States that helped to spark the "War on Poverty" in the Kennedy-Johnson era. A native of St. Louis, Missouri, he has been in the forefront of the U.S. politics of the left, working to build a socialist presence in the mainstream of American politics. Presently he is national chairman of the Democratic Socialist Organizing Committee. He is professor of political science at Queens College, and lectures nationwide on political issues from the socialist perspective. Some of his recent works are 'Toward a Democratic Left' (1968), the 'Twilight of Capitalism' (1976) and 'Fragments of a Century' (1973), a social autobiography.

The Hosch Lectures, sponsored in memory of John Hosch '53, were initiated during the height of the Cold War to present distinguished "spokesmen for democracy" on campus. Later the focus of

the series expanded to include the problems and issues of democracy at work. Among former Hosch Lecturers are Chester Bowles, former ambassador to India; William Macomber '40, then Assistant Secretary of State; C. Vann Woodward, professor of American history at Yale; Vincent Broderick '37, then police commissioner of New York City.

Footsteps For F.A.S.T.

April 1 is the date set for the first annual walk-a-thon to combat world hunger. This event is being sponsored by the student governments of West and East Junior High, Andover High and the Andover Clergy Association.

For the last three years West Junior High has been conducting week-long programs to arouse student awareness and raise money to help in the battle against starvation. This program has been called F.A.S.T. (Fight Against Starvation Today). Through activities such as foodless bake sales and empty plate meals students have raised \$3500.

It is hoped that by opening this walk-a-thon up to the entire community \$10,000 will be raised. Monies collected through the walk-a-thon and other activities will be distributed equally between CARE and OXFAM. These funds will then be applied to specific projects to be selected by the designated organizations and the FAST Committee.

An ecumenical service will be held prior to the walk.

Faculty advisors are Mrs. Pat Dye, Andover High; Gary Hendrickson, East Jr. High; Bruce Devine, West Jr. High. Rev. David Duncan of West Parish is serving as clergy Association's liaison to the schools.

Realtors To Award Scholarships

The Greater Lawrence board of Realtors, Inc., has announced its 11th annual scholarship awards program for 1979, consisting of three separate awards of \$500. each. Two awards will be given to 1979 high school seniors, and a third to an upper classman attending Merrimack College.

The selection of high school seniors will be based on a combination of need and scholarship achievement while in high school. The scholarship committee of the board will also consider the applicant's character, achievement and the likelihood of the applicant successfully pursuing the college course of study chosen.

The selection of the upperclassman from Merrimack College will be based on the same criteria, but will include the financial need to complete their studies in the major of their choice.

Applications will be available March 1 at school guidance offices, local libraries, and the Greater Lawrence Board of Realtors office, 7 Hampshire St., Methuen.

Completed applications for these awards must be received by April 13, and the candidates will be notified by May 4, 1979.

Members of the scholarship committee are John R. Williams, chairman; Virginia Broadhurst; Paul Campbell; Sally Factor; Jane Glynn; Dave Hennessey; Concetta Jaworski; Lynne Leone; Sandra Lindley; Manuel Mare; Wendy Perkins; and Thelma Sirois.

At this moment a small group of Andover High students are touring southern Spain. These students left last Sunday and will be returning this Sunday. Not all of them speak Spanish but the teacher in charge of the group, Ms. O'Brien, does. The tour was available for any student who was interested, sophomores, junior or senior. The students will be visiting many historical sites that they have learned about in World Civilization or Spanish classes. For most of them, this is their first time travelling abroad.

The Humanities Club is planning its spring schedule of events: On Sunday, April 8, they along with any other interested students, will attend the evening performance of The Sleeping Beauty, performed by the Boston Ballet. This is considered almost as classic as Swan Lake. Tickets will be available next week in the lobby or in room 230.

Gain Honors At Central

The names of those students from Andover who earned academic honors at Central Catholic High School, Lawrence, have been announced by Brother William C. Lambert, principal of the school.

Winners of quarter academic scholarships were Terence Reilly, Olympic Way, and Stephen Farrington, 7 Charlotte Drive.

Winners of first honors, who received an A average with no grade lower than a B were: Terence Reilly, 6 Olympic Way; Greg Stelzer, 6 Seminole Circle; Thomas Gaudet, 44 Juliette St.; Stephen Paradis, 89 Abbott St.; Stephen Farrington, 7 Charlotte Dr.; Mark Paradis, 89 Abbot St.

Those earning second honors by earning a B average with no grade lower than a C were: Joseph Fanaras, 7 Crescent Drive; Shawn Vecchiolla, 18 Brady Loop; Joseph Cahill, 146 Elm St.; Robert Jowett, 10 Virginia Road; Brian McGettrick, 45 School St.; Joseph Vielleux, 137 Haggetts Pond Road; Matthew Carroll, 5 Sherry Drive; Joseph Gleason, 315 Salem St.; Joseph Buzzett, 6 Deerberry Lane; Joseph Gemmell, 200 Salem St.; John Hannon, 5 Apollo Circle; Timothy Hart, 2 Arundel St.; Jeffrey Pitocchelli, 7 Stevens Circle; and Paul Tenczar, 27 McKenney Circle.

On Friday, May 4, the humanities classes and British Literature classes will be going to the Shakespearean Theatre where they will view Hamlet. The British Literature classes have already read the play. The Humanities classes will have a three day work shop, familiarizing the students with the work.

Two other field trips are also being discussed. One is the annual excursion to the Museum of Fine Arts. Here students are required to view the Ggyptian and Greek exhibits, two of the cultures studied in this class. After viewing these, they are allowed to roam the building, looking at whatever exhibit interests them, of course there are some strong suggestions as to which ones are best to see.

Another very tentative idea is a visit to the Hammond Castle in Gloucester. This would be on a day that they were having a

concert. Music, both classical and contemporary, is a very important part of this course.

It looks as if the Humanities club and classes have a very busy schedule ahead of them.

The Public Forum

Need To Be More Explicit

To the Editor of the TOWNSMAN:

Under Dr. Seifert and Dr. McGrail's leadership, East Junior High has developed a fine faculty, certainly the heart of a good education. I'm grateful for the excellent schooling my children are getting there.

I can also see the need for better facilities including a larger library, improved science labs, increased athletic accommodations, access for the handicapped, and, of course, a new ceiling for the auditorium.

However, if I, and many others in town, are going to be convinced that the whole building should be torn down, town and/or school administrators are going to have to become much more explicit and much more detailed about why.

I thank the TOWNSMAN for encouraging letters to the editor as a forum for the question.

Mrs. Susan Lenoe
15 Morton St.

Thank South Parents

To the Editor of the TOWNSMAN:
To South School Parents:

Thank you for your tremendous support at last week's school committee meeting. We appreciate the effort that was made to come out on a stormy night.

We hope the school committee understood that our concern over the pupil/teacher ratio was for next fall. We all feel that although South is an "anomaly," the overcrowded situation can do nothing but get worse. We acted at the School Committee meeting because South School's administration told us that the situation was intolerable and that now was the time to express our concern as parents.

We, too, are interested in money. We are the taxpayers! Dr. Ahouse expressed great concern over Governor King's proposed tax cap on local government.

It is apparent that the only way the Town of Andover can maintain and improve (in schools like South) our quality of education is to fight the proposed tax cap.

We must write or call our state representatives and tell Governor King that he

should first be concerned with his state budget.

We could like to ask all of the parents to continue their involvement, at the school committee meetings, with the pupil/teacher ratio. This is the very basic point of education. Certainly there are expenses which can and should be cut (like transportation costs), before we allow class sizes to become so large that they are detrimental to our children's education.

A Referee Speaks Out

To the Editor of the TOWNSMAN:

Mendy Rudolph I'm not, nor Dolph Schayes reincarnate. Yet, I have been playing basketball long enough to gain a fairly rational attitude toward the game and what it should or should not mean to those who play, coach or simply watch it. To me, playing hoop is a healthy rewarding outlet — a great antidote for too many Nachos Corn Chips and UHF reruns, and, every once in a while, a fine opportunity to learn more about yourself in a competitive situation. That's why I find myself blowing the whistle in support of another letter you recently published from a concerned observer of Andover youth basketball.

Essentially, Mr. John Sleath was crying "foul" over the apparently misplaced values in the Andover Youth Church Basketball League, evidenced by such things as:

- Coaches harrassing refs & other league officials;
- Parents screaming at scorekeepers and opposing team players and fans; and,
- All too frequent instances when the bigger, stronger, more talented kids get most of the playing time for the sake of a win.

Sound absurd? Not one bit, as I can personally vouch. As a twice-weekly referee for the league I officiate six games in two divisions, working each contest alone and trying to (quote) "call-em as I see-em" (unquote). But, Holy Offensive Foul, at times I feel more like the guy asked to render thumbs-up, thumbs-down judgements at a gladiator bout — yes, the games are often that intense and aggressive. So far this season I've seen:

- Coaches deliberately run up the score on

a hapless opponent, much of the time to simply allow some high-scoring gunner a chance to pad his statistics — a bush move that only serves to focus attention to scoring averages instead of teamwork, and keeps less gifted kids on the bench;

- Players so driven to winning that elbows, intentional trips and four-letter words turn a court into a battleground;
- Eleven and 12-year olds swinging at each other on and off the court;
- Older boys threatening to punch-out-the-ref, even loudly berating their own teammates for missing a pass, etc.; and,
- Parents and other relatives prowling the sidelines, yelling counter-instructions to their boys and intimidating volunteers at the scorers' table.

On two occasions, in fact, (once in each division), I have had to call a game over before it officially ended because play had deteriorated into a pushing, shoving, slapping insult-filled melee. What makes these affairs even more ludicrous is having some coach chide you for "usurping your authority" and not allowing the "joke" to play out. Meanwhile, one of his players is holding an ice-pack to his face or limping to the locker-room.

Of course, these are extreme situations; most games are relatively calm and even-tempered. And then it is particularly satisfying to me to see a youngster's face suddenly erupt into a big smile when he scores a tough shot or his coach deservedly praises him for that nice pass, good

defense or simply hustling up and down the court, trying his best.

Don't get me wrong. I'm not saying there isn't a place in sports for desire, aggressiveness and winning — after all, the name of the game is put the ball through the hoop more times than the other guy. But victory need not be the only motivator. In this day when kids are influenced by flamboyant slam-dunks, super-salaries and eye-catching sporting violence, hustle, fun and sportsmanship may be a cliché match-up, a perspective that died with the one-hand set shot. I surely hope not. Like Mr. Sleath I am worried about the direction our sports programs for kids are headed. My son also plays in Andover soccer and basketball leagues. So far he likes it, however, one of these days someone's son or daughter is going to either quit playing because it is not fun anymore, or be seriously hurt, in body or personality, because we did not call enough technicals on over-exuberant, demanding, misguided parents and/or coaches. I hope it isn't my kid.

Special Lenten Programs In Ballardvale Parish

The Ballard Vale United Church will begin the observance of Lent with a special program on Ash Wednesday entitled, "The Many Faces of Jesus."

This is a slide presentation of the many ways that artists of all cultures and from many ages have depicted Jesus during his life span. It is accompanied by music, commentary, and scripture on tape. This inspirational program will be presented by Charles Hempstead at 8 p.m. on Wednesday, Feb. 28 in the church sanctuary. The public is invited to attend.

During the weeks of Lent the Ballardvale Parish will experiment with services of Holy Communion held in the homes of different members. These will be conducted by Rev. David Hollenbeck from 7:30-9:00 p.m. The first one of these services is on Wednesday, March 14.

On Sunday morning, March 25 the three

teams of Basketball players from the Ballard Vale Church who play in the Andover Church League will be honored at a breakfast at 8 a.m. That breakfast will be coordinated by Mrs. Peggy McLeod. That evening a family style Pot Luck Supper will be held at 5:30 at the church sponsored by the Membership and Evangelism Committee under the direction of Robert Fisk.

Holy Week services will begin with a Palm Sunday Communion Breakfast on April 8. A simulated meal in the Upper Room will be observed on Maunday Thursday. The parish will participate in the community wide Ecumenical Good Friday services held this year at Cochran Chapel at Philips Academy. Two morning services, at 9:30 and 11 on April 15 will celebrate Easter. More information about any of these programs may be obtained by calling the church office.

JACK ANDERSON WITH JOE SPEAR WEEKLY SPECIAL

Whatever Did Dan Schorr Do To Make Old Blue Eyes Frown?

WASHINGTON — Frank Sinatra has had some famous feuds with the press. He has fumed over stories that have been printed about him.

Three years ago, Old Blue Eyes tried to turn the tables and embarrass a noted newsman. The incident has gone unreported until now.

It happened in early 1976. Former CBS correspondent Dan Schorr had Congress in an uproar. He was summoned before the House Ethics Committee to explain the leak of a classified report on intelligence activities.

Sinatra watched the controversy from afar. He wanted to make certain Schorr got a thorough investigation. So the singing star sent a private message to House Ethics chairman, Rep. John Flynt, D-Ga., urging him not to whitewash the charges against Schorr.

The message was transmitted in the form of a letter from the singer's lawyer, Milton Rudin. "I have been asked by our client, Frank Sinatra, to write and to urge you and the other members of your committee (to conduct) a full and complete investigation with full and complete disclosure to the public ...

"Any attempts to 'whitewash' the charges or to minimize the importance of the investigation would have an adverse effect on the public's confidence in the United States government."

The letter added that Sinatra didn't necessarily believe Schorr was guilty of any wrongdoing. "We simply request," the lawyer wrote, "that the fact that the press is involved ... should not lessen the thoroughness of the inquiry."

As it turned out, the committee refused to take action against Schorr. We couldn't reach Sinatra or Rudin for an explanation. Schorr said he couldn't recall ever meeting Sinatra and couldn't imagine why Old Blue Eyes would try to hurt him.

Maybe Sinatra doesn't like newsmen.

Soda Pop Politics: President Carter has made no secret of the fact that Coca-Cola is his favorite beverage. The firm is based in Atlanta, and as governor of Georgia, Carter often traveled in Coke's corporate jet.

Coke executives helped raise money for Carter's presidential campaign. And his personal adviser and attorney, Charles Kirbo, also represents Coca-Cola.

It's considered good politics, therefore, to be kind to Coca-Cola. The Soviets granted Coke the concession for the 1980 Olympics. The Chinese are admitting Cokes to the mainland after a 32-year drought. Portugal ended a 50-year ban against Coca-Cola. And the Mexican government wanted to appoint Coke's man in Mexico, Ted Circuit, as ambassador to Washington. He turned it down.

Now federal investigators have learned that Coca-Cola has made its corporate jet available to foreign rulers. The feds are nervous about investigating the president's favorite company; but we can disclose what they have found out.

It seems Coca-Cola flew the president of Romania to Mexico; and the corporate jet was also made available to Mexico's President Lopez Portillo for campaign trips. This is not something White House spokesmen want to talk about, however, in the wake of Carter's state visit to Mexico.

We have learned from our own investigation that the Coca-Cola jet was not loaned to foreign leaders. They were merely invited to use it when it was going their way.

A Coca-Cola spokesman had no comment.

Watch on Waste: Every September, as the fiscal year comes to an end, government bureaucrats scurry around trying to spend extra funds rather than return them to the Treasury. The Navy, for example, awarded a contract to replant some trees in Florida to one company even though three other firms offered to do the job for \$30,000 less. The low bidders were disqualified because of a minor technicality which was really the Navy's fault. But because re-opening the bidding would have pushed the project into a new fiscal

year, the Navy brass decided to spend the extra \$30,000 to replant the trees.

— House members have authorized themselves the luxury of distributing nearly a million calendars to favored constituents. The calendars feature full-color photographs depicting Washington historical scenes. Cost to the taxpayers: more than \$400,000.

— The federal government isn't supposed to give Christmas bonuses. But the director of the Federal Home Loan Bank Board doled out some \$20,000 worth of prizes to 14 top-level officials. All of them got their cash just in time for Christmas.

Lucrative Business: Some U.S. Cabinet officials have chauffeurs who make as much money as top-level bureaucrats. Their secret: They earn tens of thousands of dollars in overtime pay.

Most government drivers are on call nights and weekends. They never know when the bigwigs they work for might want to be taxied to an important meeting — or an appointment with their barbers.

Attorney General Griffin Bell, for example, has two chauffeurs on the payroll. They make a combined salary of over \$47,000. Health, Education and Welfare Secretary Joseph Califano's driver made \$37,400 last year — including an incredible \$23,000 in overtime.

School Board Heeds Dual Budget Warning

By Linda S. Corbett

The school committee decided this week not to "trail blaze" toward a zero-increase budget, but did direct the administration to be prepared for a tax cap and return with a five percent "straw" budget.

Earlier in the meeting the committee lopped some \$250,000 from requested salaries and considered taking \$100,000 from the plant operation and maintenance account, while continuing a second pass at 1979-80 budget requests.

They're down to about a 9 percent increase over this year — an amount that will do little more than maintain present services, even if the state "leaves us alone."

However, they reacted to State Rep. Gerald Cohen's warnings of last week and decided to "be prepared" with a \$12,062,000 budget, or a reduction of another \$350,000 or so.

Chairman David Ahouse said he felt a five to six percent increase was on the "high side of reasonable" in the face of a tax cap, and that he didn't feel Andover would gain anything by going too low.

"I don't feel Andover should blaze the trail to a zero increase," he said. "The only thing you get from achieving a zero increase is zero money."

He said he didn't expect other communities were trying to get down to zero, and that he felt the governor was "waiting for everyone to holler 'uncle,' and then he'll say, 'okay,' we'll give some back."

Asked by parents in the audience if it would do any good to write to the state, Committeeman Elaine Viehmann said "Yes, it's important that he (Cohen) know." Cohen's Taxation Committee was to begin tax cap hearings yesterday.

The committee indicated that the administration should go about the cuts while keeping the present core programs and staffing policies as much as possible. They also suggested excluding state-mandated programs. Ahouse said that the expense portion of the budget would increase 8.2 percent with state-mandated programs, such as special education transportation, fixed assets and programs with other systems, alone. The salary budget would increase 3.6 percent.

Ever, with a five percent cap, he said the overall budget increase, because of state programs, would be 5.39 percent.

Of the funds cut from the original budget salary requests Tuesday night, Seifert himself had recommended dropping \$75,000 in five teacher salaries (hoping that would come from attrition), \$49,000 in new personnel, \$10,000 in custodial overtime, and \$25,000 for the summer program.

The committee cut back the salary account nearly \$100,000 more, anticipating the difference out of outages. Ahouse claimed that the administration had not planned for such items as replacing a high-priced teacher with a substitute while that teacher was out on maternity leave.

Seifert, however, warned that the trend now is for teachers in the \$23 to \$24,000 range to return to their positions.

\$100,000 cut from the maintenance account met with opposition from Committeeman Joseph Finn, and will be taken up again at the March 6 meeting.

Registration Session

New voters may register to be eligible to cast ballots in the annual town election at a special registration session to be held Tuesday from 6:30 to 7:30 p.m. at either St. Robert Bellarmine church, or town hall.

Finn objected that the system is now seeing the effects of past neglect of maintenance, and said he thought they had planned to reverse the trend of previous committees and get maintenance back on track.

Ahouse said it was not a case of "scrimping" because the plant accounts are being beefed up this year by a \$195,000 bonding article to repair the Bancroft roof, as well as \$10 million for the building project.

He said he had expected to see a long-range plan for school maintenance with the arrival of Plant Engineer Al Hart but Seifert said they were still playing a game of "make-up ball," and probably always would be.

Seeks Selectman's Post

Norma Heseltine Gammon, who has long been involved in Andover community affairs, has announced her candidacy for a three-year term on the board of selectmen.

After being active in many aspects of the town, she said this week she feels she has the experience and the awareness to become involved in Andover's policy-making decisions.

She said this week she is particularly concerned about the possible tax cap and its implications for the town, as well as residential and business growth, solid waste, and the central business district.

A 34-year resident of town and a recipient of the Andover Chamber of Commerce's Community Service Award, she was chairman of Andover's Bicentennial Celebration, and last year served as the town's chairman for Phillips Academy's Bicentennial. She is presently

a town-appointed member of the Andover Historical Commission, and on the

Cultural Series committee of the Department of Community Services.

She is also on the board of Andover ABC (A Better Chance) and the Andover Historical Society, and is a former board member of the Andover League of Women Voters and the Andover Society. She is also a member of the Andover Artist's Guild and St. Augustine's Church, for which she teaches a religious education class.

The daughter of Mrs. Harold Heseltine of Washington Park Drive and the late Mr. Harold Heseltine, Mrs. Gammon is a graduate of Andover High School, Tufts University and the Museum School of Fine Arts. She taught art for eight years in Wilmington public schools.

She and her husband Don, who owns The Greenery and The Plantery in Cambridge, live at 115 Abbot St. with their daughters; Dainia, 7, a first-grader at South School, and Erin, 2½.

Winter School Vacation Reverts To Full Week

With only a few hours left in this year's abbreviated February break, the school committee Tuesday night voted to restore the traditional one-week winter vacation next year.

The committee was reacting to "overwhelming" preference of parents and school faculty, who voted more than 90 percent in favor of a whole week in February even if it means going to school later in June.

School Committeeman Joseph Finn said he would vote for restoring the whole week, if the committee could cancel it or cut it back if excessive snow days occurred earlier in the school year. He reminded the committee that the decision

to reduce vacation to a four-day weekend this year was made after the 1978 blizzards caused so many snow days last year. But, he said, he could see the value of a full week in years such as this one.

He was joined in the "aye" department by Chairman David Ahouse and Committeeman Elaine Viehmann. Colleagues Casimir Kolaski and Alan Doerr were absent Tuesday night.

According to the school calendar, school will commence Thursday, Sept. 6, and end Tuesday, June 24, 1980. There will be the traditional Thursday-Friday off at Thanksgiving, with Christmas vacation beginning Friday, Dec. 21 and resuming

Wednesday, Jan. 2, 1980; Teacher In-service day, March 5, 1980; Good Friday, April 4, 1980; and Memorial Day, May 26, 1980.

The 1979-80 calendar also includes four snow days.

Supt. Kenneth R. Seifert said there are other alternatives to consider, such as taking Mondays off in January and February, or starting school at the end of August, with a longer mid-winter break in January or February in the interest of energy conservation.

But, he said, the "standard calendar" is what the community wants.

River Road Widening Explained

Residents from River Road came to the Tuesday night selectmen's meeting to discuss the impact the proposed widening of the road will have on their property.

Residents came to hear Robert McQuade, director of public works, present the current plans for widening River Road between Interstate 93 and Brundrett Ave. Members of the planning board were also present.

The widening of the road should take place this summer, McQuade said, and will be financed by the town, county and

state.

Residents were concerned about drainage for the road, trees which might be removed during the construction and sidewalks which will be installed.

McQuade said sidewalks would be placed on the north side of River Road from the easterly Hewlett-Packard entrance to the east side of Pleasant View Farms.

He said trees which are removed will be replaced by the town at the owner's request. The trees would be placed to protect onto the homeowner's property to protect

them from salt and car exhaust.

Storm drains will be placed to prevent ponding where it now occurs, McQuade said.

Richard Morris of 159 River Road said he was concerned that a basketball court on his property which is used by neighborhood children will be within 14 feet of the road after it is widened.

Selectmen said they realized this would be a safety problem, but they could do nothing about it.

IN-SINK-ERATOR GARBAGE DISPOSERS

There have to be good reasons why more In-Sink-Erator disposers are sold and installed every year than any other make. And there are. After all...I-S-E- invented 'em nearly 40 years ago.

The grinding ring, for example, is the strongest made. It's the core of I-S-E disposers along with ISE-made electric motors.

Then I-S-E adds the extra things. A tough polypropylene shield protects against interior corrosion. Automatic reversing action extends the life of

the grinding elements. And a Self-Service "Wrenchette" that saves you money. An instant-start capacitor motor lets you start our disposers when they're full.

In-Sink-Erators are also made so that they're quieter to operate...and, easier to install. Plus, there are factory authorized service in more than 1,000 cities if anything ever goes wrong.

So ask for In-Sink-Erator next time. To make your mess less...they make our disposers do more.

A Shocking Revelation

Shocking is indeed a proper word to describe the absentee rate in Andover public schools.

While the high school was cited as having the highest percentage, figures indicate problems also occur at the elementary grade level.

What is probably even more disturbing than the absentee rate itself, is the apparent fact that it is being condoned by parents.

Supt. of Schools Kenneth R. Seifert informed the school committee a week ago that about 40 per cent of the pupils at Andover high miss between 11 and 25 class days per year and 11 per cent miss in excess of 25 days.

The public education process is intended to be a total learning experience and a preparation for future life.

For those who have compiled absentee records in high school at the level reported by Supt. Seifert, we can't imagine they would be very welcome in institutions of higher learning or in the area of gainful employment.

There has been the suggestion that an attendance officer be employed full time to work on correcting the situation. But employment of a person full time to insure school attendance should hardly be necessary, if those responsible — the parents — were facing up to their duties.

Among contributing factors are the vacation periods during the year, in which parents apparently have no qualms about taking their youngsters out of school to join them in say some tropic clime at this time of year.

We would guess, for instance, that absenteeism in An-

dover school might be high this week, due to the school vacation schedules of other communities.

Andover's winter school vacation consists of only Monday and Tuesday, while other communities have the entire week off. Vacation packages are designed for this particular week. Some parents will opt o take their Andover offspring on-vacation for the entire week, probably asking the teacher to provide makeup work when the youngster returns.

Parental responsibility, as we see it, carries with it some sacrifice.

If schools remain in session during a period when parents have vacations, then it would seem more important that the youngster remain in school and the parents make alternate plans — or just stay home.

While it might seem an easy and rewarding thing to take the youngster out of school, it is providing a poor lesson — indicative of producing a lack of responsibility for the child as he or she matures.

While attendance officers may be fine, we tend to concur with Committeeman Casimir Kolaski's contention that if parental tolerance is at the base of the problem, what can the school department do.

Until such time as parents decide to make some sacrifices and see to it that their youngsters are attending classes, except for valid reason, the problem will only continue and probably amplify.

It seems imperative that parental duties be examined and the current school absentee trend reversed.

Down The Years With The Townsman

75 Years Ago — February, 1904

E. G. Wright of Andover has purchased from Hood Farm, Lowell, a Berkshire sow by Hood Farm Model Duke XXXVIII, and from Hood Farm Highclere XXI. This gives the animal some very rich blood.

All Republicans are urged to attend the caucus at town hall this evening.

The town reports are now ready for distribution and can be secured at the town clerk's office. The school report will be ready next week.

The Copley Society of Boston announced that the memorial exhibition of the works of Mr. James McNeil Whistler which is being held at Copley Hall, Boston, opened to the public as of Feb. 24 and will close on March 20.

The annual meeting of A.V.I.S. will be held this year in Punchard Hall, Friday evening at 7:45. The committee promises a most interesting program with Walter Sargent, state supervisor of drawing, to give an illustrated lecture on "Civic Beauty." Those who have heard him before will be anxious to hear him again.

50 Years Ago — February, 1929

Candlelight appropriately ushered in the Washington Ball of the Andover Historical Society held Wednesday night in the town hall. The electric current, however, was soon restored and the bright lights shone forth on powdered wigs, hoop skirts, old lace — and pantalets.

Time turned backward in its flight on

Tuesday evening for those who saw "The Dragon" at Abbot Academy. The audience, with the spirit of eternal youth, was alternately thrilled and harrowed by the adventures of a romantically beautiful princess as she was wooed by lovers, harried by her step-mother, on the verge of being devoured by a persuing dragon, and finally rescued by the King of Sorcha.

An appropriation of \$50,000 for the work on North Main St. in cooperation with the state and county and one for \$1,750 for water extension on Salem St. are the only special appropriations approved by the finance committee.

25 Years Ago — February, 1954

Ringworm cases in local schools are being well handled in the opinion of officials of the state department of public health.

A woman and a dog were pulled from the icy waters of the Shawsheen River by another woman last Thursday afternoon just seconds before almost all of the town's fire apparatus and two rescue boats arrived on the scene to give assistance.

The traffic box in Elm Square from which numerous police officers have wig-wagged their stop and go signals to motorists, was put out of service early Saturday morning when struck by an automobile.

There are over 16,000 shade trees on the public ways of Andover and many miles of roadside growth under the care of the tree warden's department according to tree

warden George R. Abbott in his annual report.

Patrolman Robert Deyermond spotted five abandoned refrigerators in the back yard of a home on South Main St. this week, and, noticing the doors still on them, notified the owner to take them off. This was done and the danger of tragedy was averted.

10 Years Ago — February, 1969

Members of the Andover Chamber of Commerce were briefed on the proposed acquisition of the former Playhouse property on Essex St., and the Daly block on North Main St. at a meeting Tuesday night at the Bay State National Bank. The two properties are to be acquired for parking lots under an article in the town meeting warrant requesting \$375,000.

The town manager and building committee will inspect the Bancroft School tomorrow with every expectation of accepting the building for the town as it is substantially complete.

The selectmen have included \$1,000 in the salary accounts for the town manager, but apparently have not as yet set the salary for Town Managers Richard J. Bowen. He is currently receiving a \$17,500 annual salary.

New construction was off to a fast start for the year, with a permit for a new warehouse, office and assembly plant, totalling \$1.24 million issued in January by building inspector Arthur Peatman.

Moving Day for The Haven is scheduled for Feb. 28, transferring everything to the

downstairs level of the theater building. Because of the moving, the Pot Luck Luncheon scheduled for that day has been cancelled.

Feb. 28 is also the date for the Fabric Flower Workshop from 9:30 to 11 a.m. Because it is moving day, the class will be postponed until some future date which will be announced in these columns. Watch for it. If you have health concerns, the mini-clinic is the place for you to talk to professionals who will be able to advise you in your care. The next session will be at Frye Circle, Feb. 27 from 2 to 4 p.m. Appointments should be made through the Andover Board of Health.

The Haven Travelers are at it again! They have scheduled a Spring Maple Sugar Tour for 3 days and 2 nights Mar. 20, 21 and 22 at \$79 per person (twin). They'll visit sugaring off facilities in Sugar Hill, N.H. and a factory in St. Johnsbury, Vermont, plus all kinds of entertainment. Deadline for Andover residents is March 1.

Thad Herick, Income Tax specialist, still has a few appointments available on Mondays at The Haven to help you with your income tax returns — a free service.

You still have a little time to get your tickets to the next Loeb Theater production "Ellington at 8," March 1. It will cost you \$6, but the price includes transportation to Cambridge and back, leaving The Haven at 6:45 p.m. Another opportunity to "get out" will come March 13 with a trip to the Old Mill in Westminster, Mass. The Old Mill is a charming restaurant with a delightful gift shop and lots of quaint New England scenery. Entrees offered are baked stuffed fillet of sole or baked stuffed breast of chicken. Cost for the day is \$7.50.

Middlesex Community College will conduct a program at The Haven in its consumer education series entitled "Your Moneysworth in the Marketplace" March 22 at 2 p.m. It is free.

The Andover Historical Society is sponsoring a series of programs at The Haven, the first being Thursday, March 8, entitled "Andover Along Main Street." Come travel down memory lane with us. It is free and should be fun. The bridge players group that meets Tuesday mornings at 10 in The Haven is always looking for a "fourth."

The second half of the season started badly with only one goal scored in four games. However, Andover finished strong with three wins in their last four games to finish the season with a 6-12 record.

Wilmington 8, Andover 0

One bad period ruined Andover's chances as the Warriors were outscored 2-0, 5-0 and 1-0 in the first, second and third period.

Tewksbury 7, Andover 0

Andover played well and stayed in the game for two periods with the game at 3-0 after two periods.

Austin 9, Andover 1

The Warriors played Austin Prep tough holding them to only one goal in the first period and three goals through two periods. Andover's only goal was scored by Rick Krishfield assisted by Bill Eaton.

Strong goal tending by Dave Cullinan kept Andover in the game for two periods. Dave had 71 saves and four of the goals were power play goals.

Methuen 4, Andover 0

The Warriors continued their scoring drought but held Methuen to one goal in the first and one goal in the second period.

Inability to finish off plays hurt the Warriors while they outplayed Methuen in the first period.

Billerica 7, Andover 2

The Warriors continued to play tough hockey in the early periods holding Billerica to a 1-1 tie after the first period.

Warrior goals were scored in the first period — Milne from Tanner and Farnham — and in the third period — Merola from Weeks and Farnham. Tenacious forechecking by Robinson and Anderson

first period assisted by Farnham and Merola. Then, in the second period, Milne came through again with Farnham assisting. Dave Cullinan played his second consecutive outstanding game in goal.

In analyzing the season, Coach Peter Grogan pointed out that the team was much more competitive this season, as against last season, especially on defense. In 54 periods of hockey the Warriors held the opponents scoreless in 13 periods; to one goal in 20 periods and to two goals in 7 periods.

Coach Grogan credited much of the success of the season to the hard work of the assistant coaches, Leo Raftery and Fred Devereaux.

Coach Grogan pointed out that the seniors on the team, Co-Captain Paul Farnham, Co-Captain Mike Anderson, Phil Weeks, Mike Tanner, Dean Robinson and Rich Kirshfield, were instrumental, by their dedication, in keeping the attitude and the spirit of the team on a high level.

The scoring for Andover for the year is as follows:

Lets Talk About...APPLE JUICE!

The bottles of dark, velvety unfiltered apple juice found in THE EARTHFOOD STORE, are full of the genuine liquified apple, filtered juices, on the other hand, have a much lighter color and texture, and the taste is much more distant. Filtered is refining, and the more a juice is refined the more it will taste like water.

THE EARTHFOOD STORE carries juices with that "stuff at the bottom of the bottle" that is rich in proteins, minerals, fibers and pectins.

Christ B Triumph In Overtime

By Rick Harrison

St. Robert's C moved a step closer to the Andover Church Basketball League Intermediate "Blue" Division championship last week, remaining undefeated with a solid 50-8 romp over St. Robert's D.

Christ B continued one game behind following its 23-21 overtime triumph over South-Baptist.

In other "Blue" action, Ballardvale United tripped Christ Church A, 27-20, West Parish B nudged St. Augustine E, 24-18, and St. Augustine D nipped Christ Church C, 14-13.

St. Robert's C, 50-8

Nine different players cracked the scoring column, as St. Robert's C held St. Robert's D scoreless for three periods while constructing an insurmountable 36-0 cushion.

Neal Weaver did all his scoring in the first quarter, emerging as game-high marksman with 10 points, while Dave Cox and Jim Veilleux added eight apiece.

Jay R. DuHadway and John Veilleux tossed through 6 points apiece, Matt Dispensa and Geoff Dowell 4 each, Dan Bovenzi 2 and Mike Sleath 2.

Tim Moynihan scored 4 points, Mike Convey 2 and Jim Tanin 2 for St. Robert's D.

Christ B, 23-21

Matt Leonard netted an inside shot in the second overtime period to boost Christ B to its seventh victory in eight starts, a taut 23-21 decision over pesky South-Baptist.

This marked the fifth game S-B has played that was decided by two points or less.

C-C used an 8-0 second period as the springboard to a 10-4 halftime bulge, but South-Baptist chipped away and finally tied it 21-21 at the end of regulation time.

The teams battled through one scoreless two-minute overtime, and then Leonard delivered his clutch hoop in sudden-death. South-Baptist's inability to hit from the foul line cost them the upset win, as they converted only 1-of-15 shots.

C-C was 5-for-11 at the charity stripe.

Matt Leonard emerged as game-high scorer with 15 points, while Steve Blair chipped in 8.

Jean Blair, Eric Anderson, Bill Earnshaw, Chris Wright and Nancy Rogers also played well for C-C.

Dave Hughes powered S-B with 8 points, John Gardner added 6, Tim McDonald 5 and Scott Lattanzio 2.

Other stalwarts were Brian Finnerty, Bob Mattes, Jeff Ashworth, and Malcolm Galvin.

Ballardvale, 27-20

Jeff Crowninshield poured through 17 points, including six in the final quarter to beat back a Christ A challenge, as BU posted its 27-20 decision.

Dave Baker netted 6 points and Dana Belpedio had 4 in the fourth quarter for United.

Tim Nolin, Fran Robinson and Greg Baker also played well.

Tom Brand led the C-C counter-attack

with 14 points, Glenn Livermore chipped in 4 and Mark Asgeirsson scored a basket. BU led 15-6 at halftime, but C-C cut the gap to 15-12 in the third quarter before a 12-8 Ballardvale run in the final stanza.

West Parish B, 24-18

West Parish B jumped to a 12-1 first period lead and then coasted home against St. Augustine E.

Kelly Strong was game-high scorer for WP with 8 points, Phil Stocking tossed in 6, Rich bourdelais 4, John Todt 4 and Eric Nickerson 4 to guide the offense.

John Sheedy popped in 6 points, Paul Sheedy 4, Tim Scanlon 3, Walt Radulski 3 and Billy Derrah 2 for St. Augustine E.

Matt Shine, Bob Derrah and Sean Derrah were other standouts for St. Augustine.

Warrior Wrestlers Place High

By Jane Kolodgy

The Sectional Wrestling Championship for Division 1 North was held at the Greater Lowell Vocational High School Friday and Saturday Feb. 16 and 17. Andover and 19 other teams competed.

Having only been a varsity team for two years, Andover did exceptionally well by placing tenth with 55½ team points. Three wrestlers are on their way to the State finals.

David Frocione (100) placed fifth in his weight class, becoming an alternate in the State finals. Frocione, being only a sophomore, has had an excellent year. His final record was 16-3-1 in dual meet competition. All eyes will be on him in the next two years.

Co-captains Charles Koklodgy and Mike Fletcher also placed giving them both chances for the state championship.

M. Fletcher (121) had a cold going into the Sectionals, but it did not severely affect his wrestling. Out of six matches, he lost

two, seating him in fourth place.

C. Kolodgy (187) only lost one out of his five matches handing him a third place finish.

Although no other Andover wrestlers placed, they should all be congratulated for their outstanding effort. Mr. Axelrod should also be congratulated for his fine coaching.

The State finals will be held Friday and Saturday Feb. 23 and 24 at the Chelmsford High School starting at 10 a.m.

Shawsheen Takes Crown

The regular season of the Department of Community Services Elementary School Girls' Basketball League came to a close this past Saturday with the Shawsheen Sharp Shooters dethroning last year's champions — St. Mary's — by a surprising score of 20-10.

This game was St. Mary's first loss in two years and ended an outstanding eleven game winning streak.

The Sharp shooters took advantage of their superior height and several St. Mary mistakes to come out on top in this well played game. Top performers for the Shawsheen Squad were Lisa Marcella and Sue Sellers with 8 points each and Amy Taylor with 4 points each and Sylvia Deleon with 2 points.

In other games, the Doherty Barons brought up their record to 2-3 as they trounced the Sanborn Angels 20-2. Barbie Ramage and Jennifer Kirkland had a big game for the Barons, while Cindy Flynn was the lone scorer for the Angels.

The other Sanborn team, the Sanborn Stars, had little difficulty topping the Bancroft Bullets as the Stars put together a solid performance and defeated the Bullets 22-4. High scorers for the Stars were Kay Levesque (8 points), Betsey White, Amy Moynihan and Robin Colombosian (4 points each). With the playoffs beginning Saturday, there

is a good chance that St. Mary's and the Shawsheen Sharp Shooters will meet again in the finals three

weeks from now. However, with each team showing steady improvement, there is also the chance that the

play-offs could produce a surprise winner.

Final regular season standings were as follows:

Shawsheen Sharp Shooters	5-0
St. Mary's	4-1
Sanborn Stars	3-2
Doherty Barons	2-3

The world experiences 44,000 thunderstorms every day. As many as 500,000 electrical discharges may strike

forest lands, causing significant damage even when there is no fire. In the Ponderosa pine forests of northern Arizona, researchers found that lightning accounted for a third of timber mortality.

COMMONWEALTH OF MASSACHUSETTS LAND COURT

No. 92690

(Seal)

To DAISY A. PERKINS and GEORGE WILLIAM PERKINS, 2nd, both formerly of Melrose, in the County of Middlesex, and said Commonwealth, and their heirs, devisees or legal representatives:

Greeting:

Whereas a bill of complaint, as amended, has been begun against you in our Land Court, by BENJAMIN T. WILKISH and MARJORIE E. WILKISH, both of Wilmington, in said County of Middlesex; and JOHN L. CYR, of Windham, in the State of New Hampshire;

We command you, if you intend to make any defense, that on the first Monday of May next, which Monday is May 7, 1979 the return day of this subpoena, or within such further time as the law allows, you do cause your written appearance to be entered and your written answer or other lawful pleading to be filed in the office of the recorder of said court at Boston in the County of Suffolk, and further that you defend against said suit according to law, if you intend to make any defense, and that you do and receive what the court shall order, adjudge and decree therein.

Hereof fail not, at your peril, as otherwise said suit may be adjudged, and orders and decrees entered therein, in your absence.

The plaintiffs, Benjamin T. Wilkish and Marjorie E. Wilkish, represent that they are the owners of a parcel of land, situated on the easterly side of Woburn Street (formerly called Boston Road), consisting of approximately 58 acres in Andover, in the County of Essex, and said Commonwealth, and the plaintiff, John L. Cyr, is the owner of a certain parcel of land situated on the westerly side of said Woburn Street, consisting of approximately 14 acres more or less; and further represent that the entire land as described in the petition was conveyed to said Benjamin T. Wilkish and Marjorie E. Wilkish by deed of Mary Larkin, dated December 31, 1948, and recorded with Essex County (Northern District) Registry of Deeds, in Book 719, Page 349, and that the parcel containing approximately 14 acres was conveyed by said Benjamin T. Wilkish and Marjorie E. Wilkish to John L. Cyr, by deed dated February 1, 1978, recorded with said Registry of Deeds on February 2, 1978, in Book 1331, Page 454; and further represent that the entire 72 acres were acquired by one George Perkins from the Collector of Taxes of Andover for the 1934-1935 taxes assessed to said Mary Larkin by a tax deed dated October 8, 1936, recorded on October 15, 1936, in Book 602, Page 415;

LEGAL NOTICES

and further represent that a petition to foreclose said tax title was filed in this Court on October 21, 1938, Tax Lien Case NO. 13849, and that said Mary Larkin was permitted to redeem in 1939 on a finding by the Court and the case was later dismissed for want of prosecution; and further represent that the Town continued to assess said land to said Mary Larkin for the years 1939 through 1942 and made a tax taking by instrument dated November 20, 1943, recorded in Book 661, Page 308, which was released by instrument dated December 10, 1945, recorded in Book 679, Page 439; and further represent that said Town is unable to locate any tax records prior to 1940 and has no record of ever having assessed said land to George W. Perkins as owner thereof; and further represent that said George W. Perkins died testate on March 3, 1956, Middlesex Probate No. 336092, survived by his widow Daisy A. Perkins and a son, George W. Perkins 2nd, devising his entire estate to said widow and the inventory lists no real estate in the Commonwealth; and further represents that a cloud is thrown upon the plaintiffs' title, and praying that it may be ordered and adjudged that the plaintiffs hold their title to said land free from any claims of the defendants, the plaintiffs having acquired title by adverse possession against the defendants, and it appearing to the Court upon the suggestion of the plaintiffs that the whereabouts of the defendants are unknown after a diligent search and cannot actually be served with process, it is

ORDERED that notice be given by publishing a copy of this order once a week for three successive weeks in the Andover Townsman, a newspaper published in the County of Essex, the last publication to be one month at least before the first Monday of May next.

Witness, WILLIAM I. RANDALL, Judge of our Land Court, the fifth day of February in the year of our Lord one thousand nine hundred and seventy-nine.

By DOUGLAS N. HOWE

REALTOR

THE PRE-OWNED HOME

"Pre-owned" is a euphemism for a home you acquire second-hand or fifth (or even tenth — in the case of a heritage house). According to the National Association of Realtors, Americans purchase approximately 3 million homes annually. Of these, some 2½ million are pre-owned homes. What accounts for their popularity?

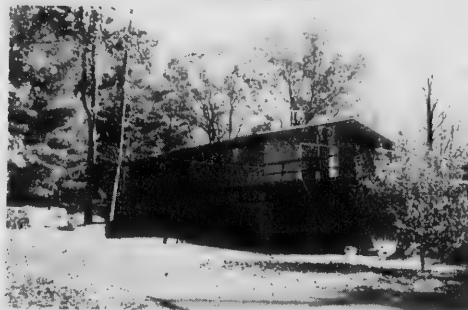

Beyond the very practical advantages offered by older homes, they exert an emotional appeal as well. Charm is a major factor; so too are individuality, and privacy resulting from hedges and full grown trees.

In addition to these intangibles, the older

home offers a wider choice of selection — there are approximately two to three times as many existing dwellings as new homes on the market today. However, you should take a careful look at basic systems, such as plumbing, heating and electricity to be sure they are up to current standards.

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Punchard Ave., Andover. Phone: 475-5100. We're here to help.

Are you overlooking an extraordinary way of life?

These people are.

They're residents of Millpond. An extraordinary community of contemporary townhomes in historic North Andover.

At Millpond, a firm regard for the traditions of the past exists side by side with a healthy respect for the joys of modern living.

Take the townhomes themselves. Like the land they occupy, they are bold, rugged, and natural on the outside. Gracious, expansive, and fully convenient on the inside.

There are tennis courts here. A swimming pool. A private beach and boat dock on historic Stevens Pond.

There are nature trails. And ski trails. And riding paths. All on 22 of the most beautiful acres of New England countryside you've ever seen.

The Millpond lifestyle begins at **\$90,000**. Why not come out sometime, and take a careful look at this carefully planned community.

To get here, take Rt. 485 to the Mass. Avenue exit (North Andover). Turn left on 125, and one-half mile later, turn right on Pleasant St. Millpond is one-quarter mile down, on Stevens Pond. From Rt. 128, take 95 North to Exit 15 (Rt. 125 to North Andover). At 114/125, turn left. Bear right at first traffic light, staying on 125. Turn right on Pleasant St., about 1½ miles down. Millpond is a quarter of a mile away.
